** The StatFox Power Ratings are determined from a formula that is takes into account several key factors, including point margins, difficulty of schedule, team statistics and more. The ratings are typically not as reactive as those you will find elsewhere, and thus prove to be a great long term handicapping tool. Here are the StatFox Power Rating lines and edges for this week's games, with our exclusive home field advantage points built into each home team's rating and corresponding line. Note that the point edge between the Power Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.

** The Outplay Factor Ratings made famous by StatFox are a great Team Strength Indicator as they provide a quantitative measure of how teams are outplaying (+ value) or being outplayed by (- value) their opponents. They are determined by a complicated formula that takes into account a team's points for/against as compared to how their previous opponents have fared. Here are the StatFox Team Outplay Factor Ratings and the corresponding game lines derived from them. Note that the point edge between the Outplay Factor Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.

GAME BREAKDOWN: Two teams desperate for a victory lock horns Sunday when the Jets host the Raiders. Oakland is 3-1 ATS in its past four games, but is 1-4 SU in the past five contests, where it has allowed a hefty 30.0 PPG and 393 total YPG. New York's problem is its mistake-laden offense that has as many turnovers as points (six each) in the past two defeats of a three-game losing skid. Jets QB Geno Smith is expected to remain the starter despite throwing 0 TD and 8 INT in his past five games. GAME BREAKDOWN: NFC West foes meet in the desert Sunday when the Cardinals host the Rams. St. Louis had pounded the Colts and Bears by a combined 80 to 29 score before losing 23-13 in San Francisco last week, while the Cardinals snapped a fourgame win streak with a narrow 24-21 defeat in Philadelphia. But now they return home where they are 5-1 SU (4-2 ATS), and are also looking for payback after a Week 1 defeat at Edward Jones Dome. The Rams trailed 24-13 in the fourth quarter that day, but came back to win 27-24. Although St. Louis has won three straight meetings, Arizona had gone 10-1 SU in the previous 11 matchups.

GAME BREAKDOWN: The Packers try to end a long losing skid when they host the Falcons on Sunday. Atlanta ended a five-game losing skid of its own last week by beating the Bills 34-31 in overtime, marking its second straight ATS win after four consecutive ATS defeats. Green Bay has a current five-game ATS skid (0-4-1 SU) which began when QB Aaron Rodgers broke his collarbone. While Rodgers hopes to finally return for this matchup to face a team that he has dominated (355 passing YPG, 9 TD, 1 INT), his status is uncertain. Despite these gaudy numbers, the Falcons are surprisingly 4-0 ATS (3-1 SU) at Lambeau Field since 2001.

BETTING SYSTEM:

GAME BREAKDOWN: The slumping Bears hope to get starting QB Jay Cutler back in action when they host the Cowboys on Monday night. Dallas remains tied atop the NFC East with Philadelphia thanks to a 5-2 SU mark (4-3 ATS) in its past seven games. Cutler (ankle) has been inactive for four of the past five contests, and his Chicago team is just 3-6 SU (1-8 ATS) in the past nine games overall. While the Cowboys are a strong 4-2 ATS on the road this season, the Bears are a dreadful 0-5-1 ATS at home. Chicago forced five Dallas turnovers in last year's 34-18 road win, making this series an even 5-5 split (SU and ATS) in the past 10 meetings.

Statfox College Football Outplay Factor Rating Lines - Week 15

** The Outplay Factor Ratings made famous by StatFox are a great Team Strength Indicator as they provide a quantitative measure of how teams are outplaying (+ value) or being outplayed by (- value) their opponents. They are determined by a complicated formula that takes into account a team's points for/against as compared to how their previous opponents have fared. Here are the StatFox Team Outplay Factor Ratings and the corresponding game lines derived from them. Note that the point edge between the Outplay Factor Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.

GAME BREAKDOWN: One of the nation's top offenses meets arguably the nation's top D in the Big Ten title game. These teams met in East Lansing last season, with Ohio State holding on for a 17-16 win despite three turnovers. The Buckeyes are 24-0 SU under Urban Meyer, though they've failed to cover in their last three and allowed 41 points to struggling Michigan last week. This will be their first postseason game since 2011. MSU has held five of its last six opponents to six point or less. They've won eight in a row SU (6-2 ATS).

Utah State survived the loss of star QB Chuckie Keeton to a season-ending knee injury.
