StatFox NFL Power Rating Lines - Week 14

** The StatFox Power Ratings are determined from a formula that takes into account several key factors, including point margins, difficulty of schedule, team statistics and more. The ratings are typically not as reactive as those you will find elsewhere, and thus prove to be a great long term handicapping tool. Here are the StatFox Power Rating lines and edges for this week's games, with our exclusive home field advantage points built into each home team's rating and corresponding line. Note that the point edge between the Power Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.

Here are the StatFox Team Outplay Factor Ratings and the corresponding game lines derived from them. Note that the point edge between the Outplay Factor Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.

**statfox TOP-RATED NFL SUPER SITUATIONS**

The Super Situations are one of the most popular sections at FoxSheets.com. Situational analysis uncovers conditions and patterns where teams have consistently outperformed or underperformed their normal levels relative to the spread. These systems are tabulated for all teams and are not team-specific. The principle is that teams fall into patterns regardless of personnel—good passing teams, teams seeking revenge, cold teams on a losing streak, etc. Over time, these performance patterns tend to repeat themselves. The star rating is a proprietary calculation used to judge the strength of a situation's past performance record.

GAME BREAKDOWN

Army will try to make it two in a row against Navy: Last December, the Black Knights ended the Midshipmen's 14-game winning streak (8-6 ATS) in the series, the longest streak ever in the history of this storied rivalry. This game features the nation's two best rushing offenses—Army rushes for an average of 368.1 yards per game, Navy averages 347.5 rushing yards. They are two of the three worst passing offenses among FBS teams (Army ranks last with an average of 30.5 passing yards per game, and Georgia Tech is the only other team that averages fewer passing yards per game than Navy's 91.2). While Army has won six of its past seven games, Navy has lost five of its past six contests, the lone victory over that stretch being a 43-40 home win against SMU on November 11.
