StatFox NFL Power Rating Lines - Week 8

** The StatFox Power Ratings are determined from a formula that is takes into account several key factors, including point margins, difficulty of schedule, team statistics and more. The ratings are typically not as reactive as those you will find elsewhere, and thus prove to be a great long term handicapping tool. Here are the StatFox Power Rating lines and edges for this week's games, with our exclusive home field advantage points built into each home team's rating and corresponding line. Note that the point edge between the Power Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.

Statfox NFL Outplay Factor Rating Lines - Week 8

** The Outplay Factor Ratings made famous by StatFox are a great Team Strength Indicator as they provide a quantitative measure of how teams are outplaying (+ value) or being outplayed by (- value) their opponents. They are determined by a complicated formula that takes into account a team's points for/against as compared to how their previous opponents have fared. Here are the StatFox Team Outplay Factor Ratings and the corresponding game lines derived from them. Note that the point edge between the Outplay Factor Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.

NFL GAME BREAKDOWNS: WEEK 8

TAMPA BAY BUCCANEERS | VS | MINNESOTA VIKINGS (-6½)

• (103) TAMPA BAY (SU: 2-4, ATS: 4-2) at (104) MINNESOTA (SU: 5-2, ATS: 4-2)

				TEAM OFFENSE							TEAM DEFENSE

GAME BREAKDOWN: Minnesota has tightened up their play this year, but their offense is still finding its way. The Vikings had just 209 yards of offense in last week's win over Arizona, the second time in four weeks they've won while gaining less than 230 yards. The Bucs haven't won SU on the road since beating Minnesota last September (nine straight losses, 3-6 ATS) but have covered in both their 2012 road games. QB Josh Freeman has thrown for 349.0 YPG, seven TDs and only two picks over his last three games. The Bucs pulled off a comeback, 24-20 win in Minnesota a year ago, driving 61 yards for the winning TD with 31 seconds left.

BETTING SYSTEM:
Any team where the total is between 35.5 and 42 points - when playing on a Thursday. (26-4 Under) Play = Under the total

SERIES HISTORY – LAST 5 SEASONS:
MINNESOTA is 0-2 ATS (0-2 SU) vs. TAMPA BAY (0-1 ATS, 0-1 SU at home.)

STATFOX SIX PACK:
MINNESOTA is 32-14 OVER after being outgained by opp by 100+ total yards last game since 1992.
MINNESOTA is 39-23 OVER after covering the spread in 3 out of their last 4 games since 1992.
MINNESOTA is 32-15 UNDER at home after having won 4 or 5 out of their last 6 games since 1992.
TAMPA BAY is 1-8 ATS vs. poor pass defenses - allowing a comp. pct. of 61% or worse over L2 seasons.
TAMPA BAY is 9-1 OVER after playing a game at home over the L2 seasons.
TAMPA BAY is 186-145 UNDER in all lined games since 1992.

CAROLINA PANTHERS | VS | CHICAGO BEARS (-7½)

• (233) CAROLINA (SU: 1-5, ATS: 2-4) at (234) CHICAGO (SU: 5-1, ATS: 4-2)

				TEAM OFFENSE							TEAM DEFENSE

CAROLINA	-6.3	23	18	19	25-114 (4.6)	30-17-222 (7.5)	55-336 (6.1)	1-1		24	21	30-120 (4.1)	35-24-246 (7.1)	65-366 (5.6)	0-1	-6
CHICAGO (THRU WK 6)	+15.6	17	30	20	30-124 (4.1)	31-18-223 (7.1)	61-347 (5.7)	0-1		14	18	18-66 (3.6)	40-24-225 (5.7)	58-291 (5.0)	1-3	+9

GAME BREAKDOWN: The Panthers have another chance to turn around their nightmare start to the year, though this will be their toughest test so far. The Panthers have lost their last three games by less than a touchdown. When these teams met at Soldier Field last October, the Bears ran all over Carolina, gaining 224 on the ground and pulling away in the fourth quarter (a meaningless TD with four seconds left gave the Panthers the cover in a 34-29 loss). Cam Newton threw for 374 yards in that game, but hasn't thrown for 300 since the season opener and has a 5-to-6 TD/INT ratio this year.

STATFOX FORECASTER:	CAROLINA 18
	CHICAGO 24

BETTING SYSTEM:
Any team where the total is between 42.5 and 49 points - in a game involving two good offensive teams (335 to 370 YPG). (214-144 Under) Play = Under the total

SERIES HISTORY – LAST 5 SEASONS:
CHICAGO is 1-1 ATS (2-1 SU) vs. CAROLINA (0-1 ATS, 1-0 SU at home.)

STATFOX SIX PACK:
CHICAGO is 11-28 ATS versus excellent offensive teams - averaging >=6 yards/play since 1992.
CHICAGO is 17-6 ATS at home versus good rush teams - averaging >=4.5 rushing yards/carry since 1992.
Lovie Smith is 10-3 ATS against teams with a turnover margin of -1/game or worse as coach of CHICAGO.
CAROLINA is 23-10 ATS after scoring 14 points or less in 2 straight games since 1992.
CAROLINA is 34-18 ATS after scoring 17 points or less in 2 straight games since 1992.

SAN DIEGO CHARGERS (-3) | VS | CLEVELAND BROWNS

• (225) SAN DIEGO (SU: 3-3, ATS: 3-3) at (226) CLEVELAND (SU: 1-6, ATS: 3-3)

				TEAM OFFENSE							TEAM DEFENSE				
	PDIF	SS	PPG	FD	RUSHING	PASSING	TOTAL	F-I		PPG	FD	RUSHING	PASSING	TOTAL	F-I	TOD

CLEVELAND	-4.7	19	21	17	21-79 (3.8)	39-22-245 (6.3)	60-324 (5.4)	0-1		26	23	30-134 (4.5)	40-25-277 (6.9)	70-411 (5.9)	1-1	+2

GAME BREAKDOWN: The Chargers have reverted to their sloppy ways in blowing leads in each of their last two games. San Diego had six turnovers and nine penalties in their Monday night collapse against Denver two weeks ago, but they've played well on the road. They had won three road games in a row, SU and ATS, before losing a close game in New Orleans in Week 5. The Browns have been solid considering they're rebuilding, but are coming off an ugly road loss in Indianapolis. They mustered just 13 points against a terrible Colts defense and their best player, rookie RB Trent Richardson, had eight rushing yards while dealing with a rib injury.

STATFOX FORECASTER:	SAN DIEGO 23
	CLEVELAND 19

BETTING SYSTEM:
Home teams where the line is +3 to -3 - off 1 or more consecutive unders, with a poor first half defense - 14 or more points per game. (3-23 ATS) Play = SAN DIEGO against the spread

SEATTLE SEAHAWKS vs DETROIT LIONS (-2½)

- (229) SEATTLE (SU: 4-3, ATS: 5-2) at (230) DETROIT (SU: 2-4, ATS: 2-4)

					TEAM OFFENSE							TEAM DEFENSE				
	PDIF	SS	PPG	FD	RUSHING	PASSING	TOTAL	F-I		PPG	FD	RUSHING	PASSING	TOTAL	F-I	TOD
SEATTLE	+1.4	22	17	17	32-132 (4.1)	25-15-162 (6.5)	57-294 (5.2)	1-1		15	18	23-85 (3.7)	37-21-212 (5.8)	60-297 (5.0)	1-1	-1
DETROIT (THRU WK 6)	-2.2	20	25	25	26-100 (3.9)	46-29-320 (6.9)	72-420 (5.8)	0-1		27	20	26-97 (3.7)	34-22-228 (6.7)	60-325 (5.4)	1-0	-1

GAME BREAKDOWN: Seattle will try to make sure this one is ugly. Rookie QB Russell Wilson continues to struggle, but Seattle has kept games close thanks to their defense and their running game. The Seahawks have covered in five of their last six despite scoring 20-plus points only once during that span. The Lions have only played two home games this season and struggled in both of them (a last-second win over St. Louis and a loss to the Vikings, both ATS losses). Their offense has not been as explosive as it was a year ago as they try to establish the run, and they could struggle to move the ball against Seattle's elite defense.

STATFOX FORECASTER:	SEATTLE 23
	DETROIT 23

KEY BETTING TREND:
SEATTLE is 7-0 ATS vs. good passing teams averaging 235+ passing yards/game. over the L2 seasons.

SERIES HISTORY – LAST 5 SEASONS:
DETROIT is 0-1 ATS (0-1 SU) vs. SEATTLE (0-0 ATS, 0-0 SU at home.)

STATFOX SIX PACK:
DETROIT is 40-61 ATS as a favorite since 1992.
DETROIT is 25-13 OVER in all lined games over the L3 seasons.
DETROIT is 6-0 OVER versus good rushing teams - averaging 130+ rush yds/game over the L3 seasons.
SEATTLE is 7-0 ATS versus good offensive teams - averaging >=5.65 yards/play over the L2 seasons.
SEATTLE is 14-4 ATS as an underdog over the L2 seasons.
SEATTLE is 6-0 UNDER against conference opponents this season.

JACKSONVILLE JAGUARS vs GREEN BAY PACKERS (-13)

- (223) JACKSONVILLE (SU: 1-5, ATS: 2-3) at (224) GREEN BAY (SU: 4-3, ATS: 3-4)

					TEAM OFFENSE							TEAM DEFENSE

GREEN BAY	+4.1	23	26	23	24-92 (3.9)	38-26-267 (7.1)	62-359 (5.8)	0-1		22	20	26-110 (4.2)	36-21-232 (6.4)	62-342 (5.5)	0-1	+3

GAME BREAKDOWN: Green Bay should be able to keep their hot streak going when they host the atrocious Jaguars on Sunday. Jacksonville will be without their best player, RB Maurice Jones-Drew (foot), and QB Blaine Gabbert suffered an injury to his non-throwing shoulder last week (though that might be addition by subtraction). Since blowing a big lead in Indy three weeks ago, the Packers have bounced back with impressive road wins in Houston and St. Louis. QB Aaron Rodgers is absolutely on fire, completing 71.4% of his passes and averaging 308.5 YPG with 16 TDs and just two INTs over his last four.

STATFOX FORECASTER:	JACKSONVILLE 16
	GREEN BAY 32

BETTING SYSTEM:
Home teams - a marginal winning team (51% to 60%) playing a losing team. (15-44 ATS) Play = JACKSONVILLE against the spread

SERIES HISTORY – LAST 5 SEASONS:
GREEN BAY is 0-1 ATS (0-1 SU) vs. JACKSONVILLE (0-0 ATS, 0-0 SU at home.)

STATFOX SIX PACK:
GREEN BAY is 12-2 ATS off a road win over the L3 seasons.
GREEN BAY is 8-0 ATS after a 2 game road trip over the L3 seasons.
GREEN BAY is 24-5 OVER at home after gaining 99 or less rushing yards in 2 straight games since 1992.
JACKSONVILLE is 3-10 ATS when playing with 6 or less days rest over the L2 seasons.

JACKSONVILLE is 9-1 UNDER after playing their last game on the road over the L2 seasons.

GAME BREAKDOWN: The Titans have a chance to get back into the playoff picture if they can hold court at home. Veteran QB Matt Hasselbeck seems likely to get another start after leading a comeback win in Buffalo last week. Two weeks ago they beat the Steelers SU at home. Tennessee also got RB Chris Johnson going the past two weeks (286 yards, 7.7 YPC the past two weeks). Indy won ugly at home against the Browns last week, and they haven't won a road game SU the past two seasons. They've also lost three straight ATS, as rookie QB Andrew Luck has not looked good in his two road starts (50.6 completion pct., one TD, five INTs).

STATFOX FORECASTER:	INDIANAPOLIS	22

BETTING SYSTEM:
Underdogs or pick - in a game involving two poor rushing teams - both outrushed by opponents by 40+ YPG. (84-41 ATS) Play = INDIANAPOLIS against the spread

TENNESSEE is 28-11 ATS after gaining 175 or more rushing yards last game since 1992.

NEW ENGLAND PATRIOTS (-7) | VS | ST. LOUIS RAMS

				TEAM OFFENSE						TEAM DEFENSE

GAME BREAKDOWN: This will be the Pats' second trip to London; they hammered the Bucs, 35-7, in 2009. This season, despite their superior personnel, they haven't looked dominant of late, losing at Seattle and having to go overtime to beat the Jets at home. They may have a tough time running away from a Rams team that's much improved, especially on the defensive side of the ball. They're allowing 293.8 yards of offense per game over their last five. Aaron Rodgers and the Pack did get the better of them in St. Louis last week though. New England had gone for 400 yards of offense three straight games before being held to 381 last week.

STATFOX FORECASTER:	NEW ENGLAND	28
	ST. LOUIS	19

BETTING SYSTEM:
Favorites of 3.5 to 10 points - a marginal winning team (51% to 60%) playing a losing team. (13-43 ATS) Play = ST LOUIS against the spread

SERIES HISTORY – LAST 5 SEASONS:
ST LOUIS is 1-0 ATS (0-1 SU) vs. NEW ENGLAND (0-0 ATS, 0-0 SU at home.)

STATFOX SIX PACK:

ST LOUIS is 4-18 ATS away vs. good offensive teams - scoring 24 or more points/game since 1992.
ST LOUIS is 0-8 ATS away vs. very good offensive teams - scoring 27 or more points/game since 1992.

GAME BREAKDOWN: The Dolphins have done well in Jersey the past few years, winning three of four SU and ATS. The teams played a close game in Miami in Week 3, a Jets overtime win in which Dolphins kicker Dan Carpenter missed two field goals, including a potential game-winner in OT. The game was evenly played: 388-381 Jets in total offense, two turnovers for each team. This time around, the Jets will be without WR Santonio Holmes (9 catches, 147 yards in their first meeting) and CB Darrelle Revis (he tore his ACL in the third quarter of their first matchup). Miami has won two of three, SU and ATS, since their first meeting.

STATFOX FORECASTER:	MIAMI	20

GAME BREAKDOWN: Both these teams are coming off a bye week. The Eagles are desperately trying to right their ship (defensive coordinator Juan Castillo was fired during the off week). On the other side of the ball, the Philly is still trying to rectify Michael Vick's turnover problems (NFC-high 13). The Falcons have actually been better on the road this year, where they're 3-0 SU and ATS. They will be facing off against a very good Eagles pass defense that is allowing the lowest completion percentage in the NFL (52.7%). Falcons QB Matt Ryan did not look sharp in their last game, a home win over Oakland, throwing three interceptions.

GAME BREAKDOWN: Robert Griffin III gets another major test. The Steelers match up fairly well with RG3, as their zone blitz scheme will allow linebackers and safeties to more effectively spy on Griffin. Their pass rush was much improved with OLBs James Harrison and LaMarr Woodley healthy and back in the lineup. S Troy Polamalu (calf) will likely be questionable for this game. The 'Skins continue to get burned by their atrocious defense, specifically the secondary. They're allowing 328.4 passing yards per game (no team has ever allowed 300+ over a full season) and will have trouble matching up with Pittsburgh's receiving corps.

STATFOX FORECASTER:	WASHINGTON 20
	PITTSBURGH 27

BETTING SYSTEM:
Home favorites of 3.5 to 10 points - good team (outgain opp. by 40-100 YPG) against an average team (+/- 40 YPG), after gaining 400+ total yards in their previous game. (32-10 ATS) Play = PITTSBURGH ATS

GAME BREAKDOWN: Oakland has run off five SU wins in a row at Kansas City, and six straight ATS. They won 16-13 in overtime on Christmas Eve last year, despite getting outgained 435-308, thanks largely to two blocked field goals. The Chiefs will give QB Brady Quinn another start while Matt Cassel recovers from his concussion. Quinn was awful in his first start, throwing for 4.74 YPA and two interceptions against Tampa's weak pass defense and leading the offense to three points in a blowout loss. The Raiders looked awfully shaky last week, having to come back to beat the Jaguars at home.

GAME BREAKDOWN: The Giants are looking for a fourth straight win, SU and ATS, in Big D. When these teams met in New Jersey in the season opener, Dallas was able to take advantage of an injury-ravaged Giants secondary and sloppy play in New York's passing game en route to a 24-17 upset win. But QB Eli Manning has been very good in his last three trips to Dallas, throwing for 354.3 yards per game and eight touchdowns. Two of the Giants' three wins in those games were on points scored in the final minute, when Manning seems to shine and the Cowboys seem to consistently fall apart.

STATFOX FORECASTER:	NY GIANTS	26

GAME BREAKDOWN: A couple of future Hall of Famer quarterbacks will get a chance to pick apart a weak defense in this one. The Broncos have been an absurdly slow-starting team this year, only to be bailed out by Peyton Manning. The Saints, for all their issues, have performed well on the road their past two away games, missing a last-second field goal in a one-point loss at Green Bay, and holding on to beat Tampa last week. They've covered in three straight games despite the fact that their defense is allowing 30.3 PPG.

GAME BREAKDOWN

San Francisco has a chance to open up a big lead in the NFC West. The Niners are 2-1 SU and ATS on the road this year, with impressive wins over Green Bay and the Jets. But last December in the desert, QB John Skelton came in for an injured Kevin Kolb in the first quarter and led Arizona to a comeback, 21-19 victory with three TD passes. Kolb is again hurt, and Skelton threw for 262 yards in a 21-14 loss at Minnesota last week. The Niners won an ugly one over Seattle last Thursday and will have the extra rest going into this game. Their running game had a big second half, finishing with 175 yards against an elite Seahawks defense, and the final spread might have been more than seven points had Alex Smith not been intercepted in the end zone in the fourth quarter.

StatFox Dave

StatFox Dave is one of the original four founders of StatFox and over the years has been renowned for his handicapping prowess in all sports. Anyone who signed up for our NBA postseason Best Bets certainly knows that to be true, as Dave racked up an astounding 66% success rate on Best Bets during the NBA postseason. Dave has been stellar in his college picks over the past five weeks, going 53-25-2 ATS (68%) overall. That puts him at a whopping 64% ATS (79-45-3) for the entire season. Dave has also posted a profitable 57% ATS on his Best Bets (29-22) for the season.

StatFox Gary

StatFox Gary joined the StatFox and Platinum Sheet staff prior to the 2010 football season, and subscribers were certainly happy he did: He proceeded to post a 55% success rate on NFL Best Bets in his "rookie" season. Gary also has a knack for college over/unders, finishing the bowl season 4-1 in his Best Bet totals. Gary has been on a roll in the past three weeks, going 5-2 ATS (71%) on his Best Bets, highlighted by last week's prediction that Stanford (-3) would win at California due to a great rushing offense. The Cardinal outrushed the Bears 252 to 3 in a 21-3 win.

StatFox Scott

StatFox Scott serves as Managing Editor for StatFox and Platinum Sheet and the Edge Football Preview Guide, and is coming off a two-year college football run in which his Best Bets success rate was 56%. Scott isn't afraid to wager on any FBS game. Last week, he took Duke as a 10-point home dog, stating, "Underdogs of between 3.5 and 10 points that are averaging between 3 and 3.5 yards per carry are 43-13 ATS over the past 10 seasons when facing an opponent that's giving up less than 3 rushing yards per carry." Duke rushed for 234 yards in a 33-30 win over UNC.

StatFox Brian

A featured writer on StatFox.com and for Platinum Sheet, StatFox Brian has yet to suffer a losing season of Platinum Sheet Best Bets in either college football, NFL, college basketball or NBA since coming on board in 2010. His most recent success earlier this calendar year was a 49-30 ATS record (62%) on college basketball Best Bet picks. Brian had a monster week in college football, going 12-4 ATS overall, including a perfect 4-0 Best Bets record. That makes Brian 7-1 ATS in Best Bets over the past two weeks, boosting him to 59% (17-12 ATS) for the season.

StatFox Forecaster

By weighing several key factors, including recent statistical averages, schedule strength and home-field advantage, the StatFox Forecaster has proven to be an extremely successful long-term handicapping tool. It's most accurate once a season is underway, as evident by an ATS success rate of 61% (123-79-6) on all 2011 NFL regular-season games played between September 25 and the end of the calendar year. Forecaster continues to be on the mark in college football, posting a solid 51.2% ATS mark on featured games so far in 2012.

Note that the point edge between the Power Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.

Statfox College Football Outplay Factor Rating Lines - Week 9

** The Outplay Factor Ratings made famous by StatFox are a great Team Strength Indicator as they provide a quantitative measure of how teams are outplaying (+ value) or being outplayed by (- value) their opponents. They are determined by a complicated formula that takes into account a team's points for/against as compared to how their previous opponents have fared. Here are the StatFox Team Outplay Factor Ratings and the corresponding game lines derived from them. Note that the point edge between the Outplay Factor Rating Line and the actual opening line is denoted for the team with the edge. Use the W/L column to keep track of the winners and losers.
